Meal Breakdown

DINNER 1 — Air-Fryer Chicken, Potatoes & Veg

Served Monday, Tuesday and Friday

Ingredients — 1 serving

- Chicken breast — **140 g**
- White potatoes — **250 g**
- Broccoli — **150 g**
- Carrots — **150 g**
- Olive oil — **8 g**
- Paprika, garlic granules, salt and black pepper — as desired

Method

1. Chop the potatoes into small cubes and coat with around 5 g olive oil and seasoning.
2. Air fry at **190°C for 18–22 minutes**, shaking halfway.
3. Season the chicken with the remaining oil and add to the air fryer until thoroughly cooked through.
4. Steam or microwave the broccoli and carrots until tender.
5. Serve everything together.

Macros

544 kcal | 42.1 g protein | 66.8 g carbohydrate | 12.8 g fat

This is a particularly high-volume dinner, providing roughly **690 g of food** before cooking losses.

DINNER 2 — Air-Fryer Salmon, Potatoes & Veg

Served Wednesday and Saturday

Ingredients — 1 serving

- Salmon fillet — **130 g**
- White potatoes — **180 g**
- Peas — **100 g**
- Cauliflower — **200 g**
- Olive oil — **2 g**
- Salt, black pepper and garlic granules — as desired

Method

1. Cube and season the potatoes, lightly coating with the olive oil.
2. Air fry the potatoes at **190°C for approximately 18–22 minutes**.
3. Add the salmon and air fry until thoroughly cooked and flakes easily.
4. Microwave or steam the peas and cauliflower.
5. Serve together.

Macros

558 kcal | 38.8 g protein | 55.1 g carbohydrate | 20.1 g fat

Salmon provides the plan's main oily-fish source of omega-3.

DINNER 3 — Air-Fryer Beef & Potato Bowl

Served Thursday and Sunday

Ingredients — 1 serving

- 5% lean beef mince — **150 g**
- White potatoes — **210 g**

- Broccoli — **150 g**
- Sweetcorn — **100 g drained**
- Olive oil — **5 g**
- Paprika, garlic granules, salt and black pepper — as desired

Method

1. Form the beef mince into 2 small patties and season.
2. Cube the potatoes, coat with the olive oil and air fry at **190°C for 18–22 minutes**.
3. Add the beef patties during cooking and air fry until completely cooked through.
4. Steam or microwave the broccoli and sweetcorn.
5. Chop the beef patties and serve everything together as a bowl.

Macros

548 kcal | 43.9 g protein | 64.6 g carbohydrate | 14.5 g fat

Lean beef adds an additional whole-food source of zinc.

Snacks

SNACK 1 — Greek Yoghurt, Pear & Banana-Chip Crunch

Served every day

Ingredients

- 0% Greek yoghurt — **200 g**
- Pear — **100 g**
- Banana chips — **10 g**

Method

1. Chop the pear and add it to the yoghurt.
2. Break or roughly crush the banana chips.

3. Sprinkle over the yoghurt immediately before eating.

Macros

227 kcal | 21.2 g protein | 28.2 g carbohydrate | 4.3 g fat

The measured banana-chip portion gives the crunch and sweetness requested without allowing a calorie-dense food to dominate the snack.

SNACK 2 — Banana & Almond Skyr Pot

Served every day

Ingredients

- Plain Skyr — **150 g**
- Banana — **80 g**
- Almonds — **10 g**

Method

1. Slice the banana into the Skyr.
2. Roughly crush the almonds and sprinkle over the top.

Macros

224 kcal | 19.5 g protein | 26.4 g carbohydrate | 5.5 g fat

This gives a similar banana/nut-bar flavour combination while keeping the serving larger and protein substantially higher than a typical snack bar.

Shopping List

- Chicken breast — **420 g**
- Salmon fillets — **260 g**
- 5% lean beef mince — **300 g**
- 0% Greek yoghurt — **1,400 g**
- Plain Skyr — **1,050 g**
- White potatoes — **1,530 g**
- Broccoli — **750 g**
- Carrots — **450 g**
- Cauliflower — **400 g**
- Peas — **200 g**
- Sweetcorn — **200 g drained**

Frozen broccoli, cauliflower, peas and sweetcorn are perfectly suitable and can make preparation significantly easier.

- Pear — **700 g edible weight**
- Banana — **560 g edible weight**
- Banana chips — **70 g**
- Almonds — **70 g**
- Olive oil — **38 g**
- Paprika
- Garlic granules
- Salt
- Black pepper

Seasonings can be adjusted to taste provided calorie-containing sauces or marinades are not added without accounting for them.

Preparation Tip

To keep cooking stress as low as possible, the chicken, potatoes and beef can be portioned in advance. Frozen microwaveable vegetables are also useful here. The two snacks require virtually no cooking, and all three dinners follow essentially the same pattern: **air-fry the protein and potatoes, microwave/steam the vegetables, then serve.**
